

VALUE OF SPACE SUMMIT 2023 SPONSORSHIP OPPORTUNITIES

Co-hosted by  **AEROSPACE**

October 17 - 19, 2023
Colorado Springs, CO USA

"The Next Giant Leap: Building Cyber Resilience for the Global Space Industry"

This theme will explore the critical importance of cybersecurity in the rapidly advancing commercial space sector. Drawing parallels between the monumental technological advances that propelled humanity to the moon in the late 1960s and the current state of the space industry, this conference aims to shed light on the profound changes we are experiencing and the urgent need for cyber resilience in the space domain.

Venue Hosts:

University of Colorado
Colorado Springs

Booz | Allen | Hamilton®
